The hit DSTLRY series continues from Stephanie Phillips, the acclaimed writer of LIFE, Phoenix and Grim, and Marc Laming, amazing artist of Star Wars, Red Sonja and more!

The seven stranded children are now truly alone aboard the drifting Endeavour, with no adults left to guide them and a storm closing in. As hunger and fear take hold, alliances start to form as each child struggles to maintain control over an increasingly lawless world.

In the face of isolation and the vast unknown, the line between friend and foe blurs, and the desperate search for survival begins to tear them apart.

Every issue from DSTLRY is presented in our perfect bound Prestige format, featuring wraparound covers with spot gloss on robust cover stock, complemented by 48 pages of exquisite interior stock. It's the DSTLRY difference.

THE HIT SERIES COLLECTED FOR THE FIRST TIME!

STORY: **SCOTT HOFFMAN**

ART: **ALBERTO PONTICELLI**

Writer Scott Hoffman (Nostalgia, Wag) of Scissor Sisters fame teams up with artist Alberto Ponticelli (Frankenstein: Agent of SHADE, Goodnight Paradise, Orc Island) for a sci-fi/horror mystery that pushes the limits of the grotesque.

New York City, over two decades into the future, has been devastated by crime, ongoing storms, radiation from a terrorist incident in Times Square and the genetic mutations caused by a life-saving "cure." After a series of murders rip through the city's brothels, an escort named Vin Young, who cosplays as the Brothers Grimm's Snow White—and is one of the generation of deformed victims—pursues the killer, or killers, reluctantly joining forces with Jarrod Hannover, the lone cop assigned to the case. The two eventually arrive at a biotech megacorp developing a cellular metal called Warm Fusion—a pioneering technology meant to replace prosthetics limbs—and soon confront the sociopathic scientist Nicholas Fleischer, his monstrous partner, Mr. Barnaby, and the hideous monster that they've been secretly developing.
